

Strategic Objectives and Plan

October 2019

Solving the challenge of trust and interoperability

Open Identity Exchange – Strategic Objectives

An open approach that will:

Allow individuals to use an ID they already have, with easy step-up trust establishment for new use cases

Allow RPs access to millions of trusted IDs

Allow ID issuers to become a trusted ID provider with minimal technical effort

Enable users to understand where they can use their ID

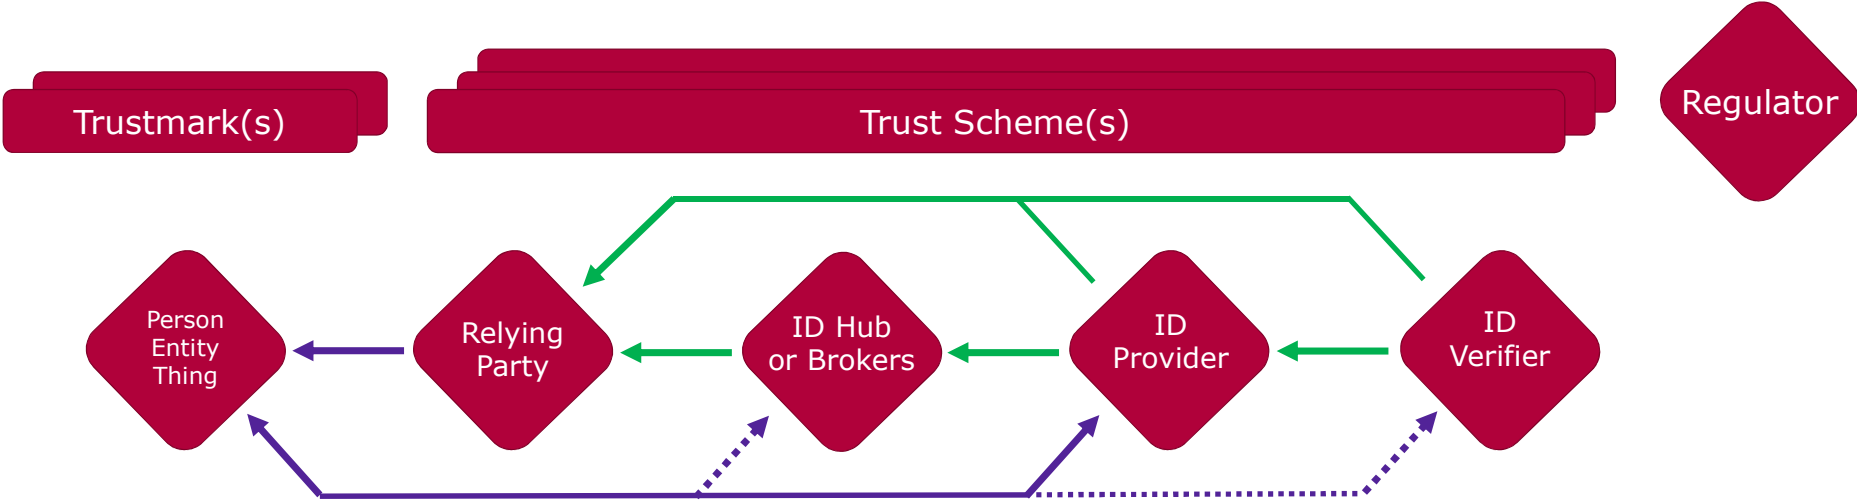

Make IDs interoperable across trust schemes and sectors

Ensure security and compliance

OIX Strategic Activities

B2B —
D2C —

OIX drives for as few trustmarks as practical to aid consumer understanding

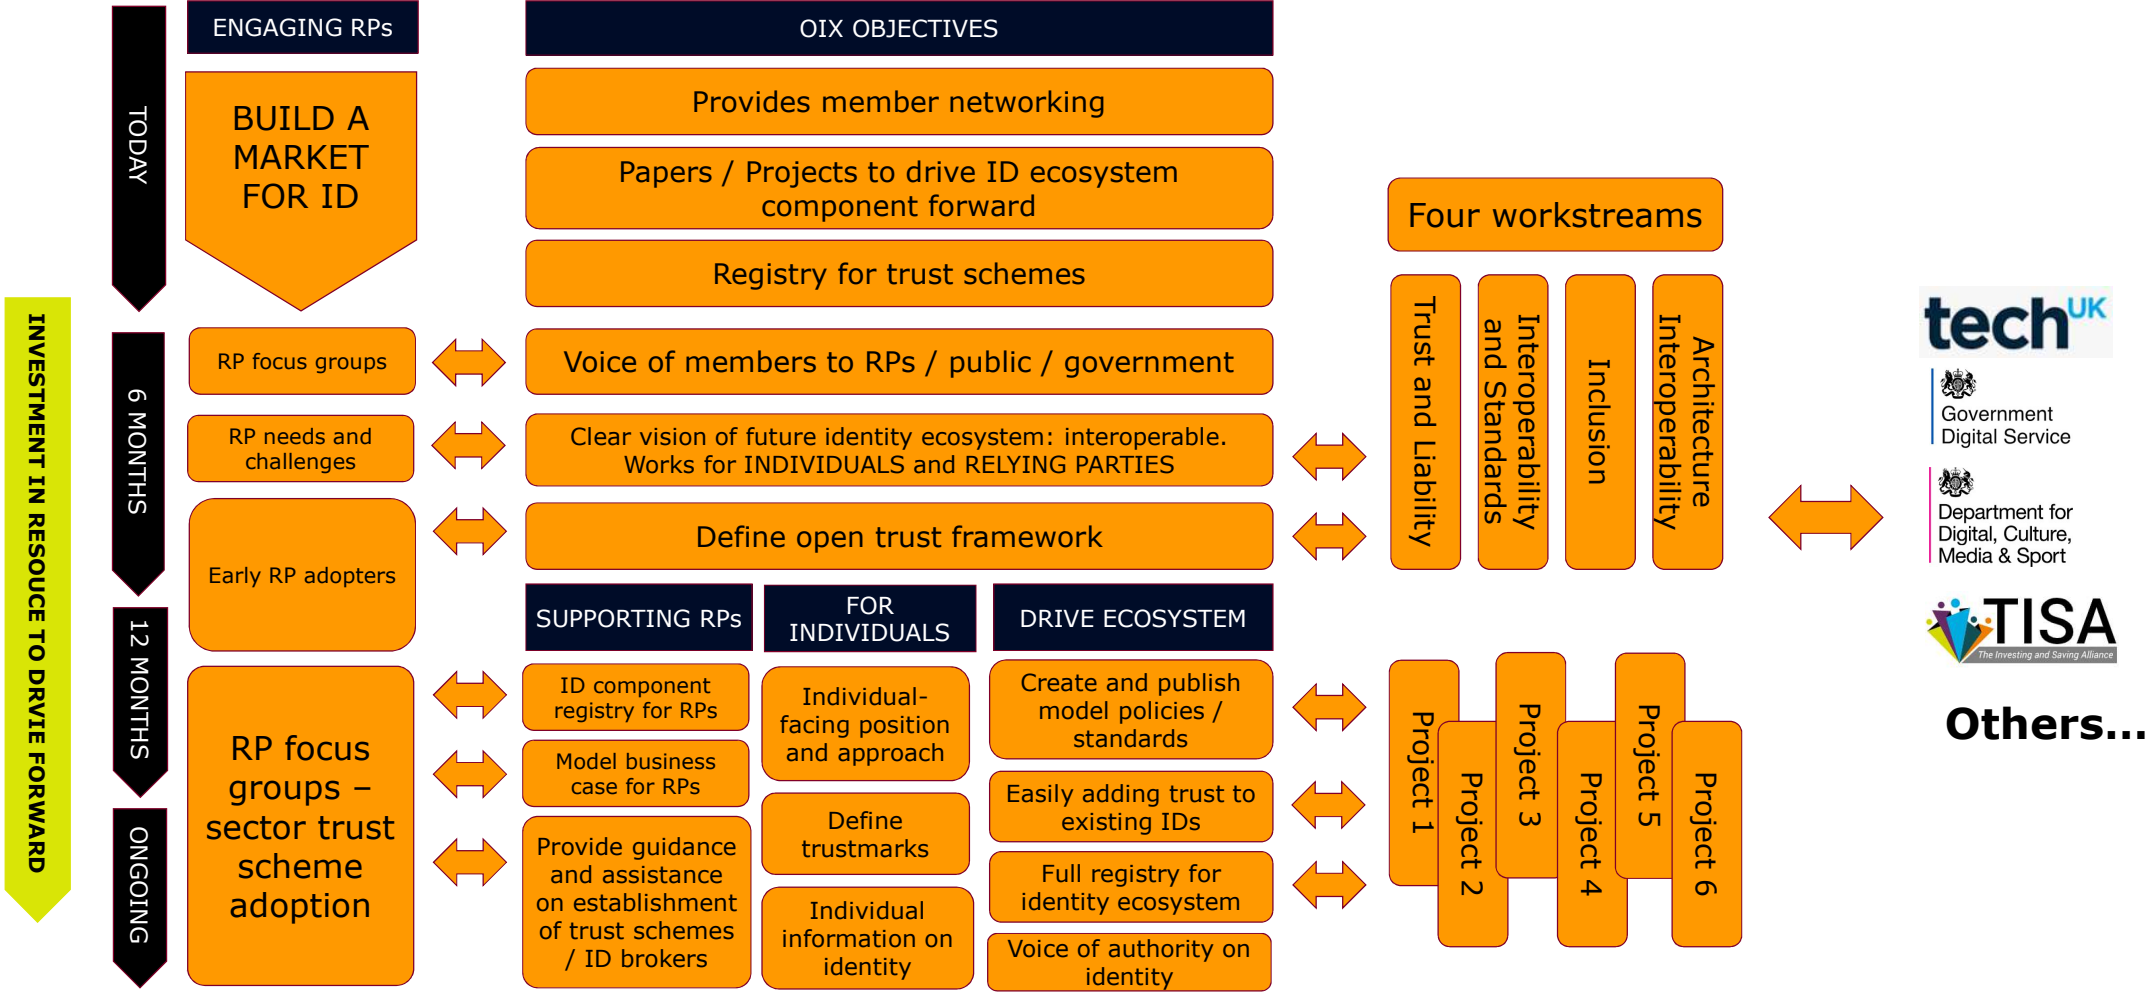

OIX helps those creating ID schemes for sectors

OIXnet records and explains the ecosystem

- OIX advocates for individuals
- OIX develops RP sector awareness and adoption
- OIX helps build the business case for Digital ID
- OIX framework makes it easier for those with IDs to add trust

OIX Strategic Plan

3 Key ID Framework Components – Alignment to standards

A key question for relying parties is:
Will a Digital ID meet the requirements of my regulator?

	ID	Trust	Cyber / Fraud Risk	Regulator
	Credentials	Claims	Risk Controls	
Government	GPG44	GPG45	Verify contract	DIU?
Pensions Dashboard	GPG44 / PSD2 SCA?	GPG45	??	MAPs? (FCA)
Release of Open Banking Data	PSD2 SCA	AISP	PSD2 TRS?	OBIE? (FCA)
Management of Open Banking Data	PSD2 SCA?	??	PSD2 TRS?	OBIE? (FCA)
Opening a financial services account	PSD2 SCA?	JMLSG	FCA guidance	JMLSG? (FCA)
Age Restricted Goods / Services	PAS1296	PAS1296	PAS1296	DIU? (PAS1296)
Adult Content	BBFC	BBFC	BBFC	BBFC
Gambling	?	GC + JMLSG	?	Gambling Commission
Conveyancing		?	-	JMLSG (FCA)
Air Travel	?	JMLSG	?	Government?
Car Hire	?	?	?	??
Employment	?	?	?	DBS in part
